

GLOBAL TECHNOLOGY SUMMIT

Sang Kim

Managing Partner, Northern California and Chair, US Tax Practice
DLA Piper

Sang Kim concentrates his practice in international tax and operational structuring, global transfer pricing strategy and documentation, cross-border mergers, acquisitions, dispositions and joint ventures, post-acquisition integration and international tax controversy.

Sang also frequently serves as the managing international legal counsel for multijurisdictional and multi-disciplined projects and matters implicating employment, IP, corporate formation, corporate governance, foreign exchange controls, transaction taxes such as VAT and GST, and import duties, among others.

Sang has led over a hundred international expansion and structuring projects for companies across a wide spectrum of industries and jurisdictions from emerging enterprises to Fortune 500 multinationals. Representative industries include high tech, consumer products, life sciences, energy, media, technology services, venture funds, manufacturing and distribution. Within these industries, he has extensive experience working with clients in the solar, semiconductor, software, consulting, data storage, data security, social/ecommerce, gaming, consumer electronics, medical devices and networking sectors. He has also worked closely with numerous clients doing business in China, India, Brazil, Russia and other emerging economies.

Sang is currently on DLA Piper's Global Board, Executive Committee and the National Diversity and Inclusion Committee.
