

DLA PIPER GLOBAL TECHNOLOGY SUMMIT

Mike Driscoll

Founding Partner, Data Collective
CEO and Co-Founder, Metamarkets

 @medriscoll

 medriscoll

Mike Driscoll is a serial entrepreneur who has developed large-scale data platforms and analytics products across digital media, finance, and the life sciences. He is a founding partner at Data Collective (DCVC), a venture fund investing over one billion dollars in deep tech innovations. He is also the CEO and Co-Founder at Metamarkets, a real-time analytics firm acquired by Snap, Inc. in 2017. Previously, he founded the online retailer, CustomInk.com, and worked as a software engineer for the Human Genome Project. Mr. Driscoll received a Ph.D. in Bioinformatics from Boston University and an A.B. from Harvard University.
