

European Technology Summit

Michael Langguth

Co-Founder

Carbon13

Michael is a serial entrepreneur, before co-founding Carbon13 – the venture builder for the climate emergency, he built Poq, a USD10 million revenue SaaS platform for mobile shopping apps based in London and New York, for which Michael raised USD20 million+ in investment. Michael is a judge & mentor at TechNation's NetZero program, as well as Digital Catapult for Climate.
