

European Technology Summit

Jan F. Sieper

Director Strategy and Transactions | Automotive & Mobility
EY Strategy and Transactions

Jan is a Director in EY's Strategy and Transaction practice, focusing on Automotive Strategy and New Mobility. He has over 15 years Automotive industry and consulting experience and advises international clients – OEMs, Suppliers and technology companies – on digital and sales transformation programs, new business models, platform and ecosystem strategies, e-Mobility, autonomous driving and mobility services.

Before joining EY in 2017, Jan hold various management positions at Daimler AG in Stuttgart. For about 3 years he led the project office to manage the day-to-day collaboration with the Independent Compliance Monitor, following a Settlement with the DOJ/SEC. As part of Daimler's Legal M&A team, Jan drove new ways of working in the legal department with a swarm organization pilot, the concept and implementation of the corporate incubator program as well as the global strategy to tackle the non-technical challenges related to Autonomous Vehicles (Legal, Certification, Ethics, Data Privacy etc.).

Jan holds a Dipl.-Betriebswirt (BA) and Bachelor degree in International Business (University of Cooperative Education Stuttgart and Warsaw School of Economics) and is based in EY's Hamburg office. He is married and has one son.
