

European Technology Summit

Jason Mowles

CEO and Co-Founder
CergenX

Jason has held a number of senior leadership roles, including Divisional Finance Director at Bank of Ireland and Head of Change at Certus. He has over 25 years experience in digital transformation, finance, change management and commercial negotiation across a number of sectors including Banking, Professional Service and Outsourcing.

Cergenx

Cergenx was founded to leverage recent advances in AI to help identify newborns at risk of brain injury. The company is focused on leveraging newborn brain research to develop and commercialise solutions in this area. Cergenx is currently developing a newborn brain system, using an automated AI assessment, to test for brain injury in infants at birth. Cergenx is a spinout from the Infant Centre at University College Cork.
