

# European Technology Summit

## Sunita Grote

Deputy and Innovation Fund Manager  
UNICEF Ventures

Sunita Grote leads the Ventures team within UNICEF's Office of Innovation and co-founded its Venture Fund. UNICEF Ventures explores how emerging frontier technology can accelerate results for the most marginalized children, including through investments in open source solutions from emerging markets. She steers UNICEF's co-leadership of the Digital Public Goods Alliance, a network of partners who collectively contribute to the discovery, development, and deployment of open source digital public goods. Sunita has a background in innovative financing and previously spent 10 years working in the global HIV and health response based mostly in the UK and in South Asia. She holds an MBA from INSEAD and lives in NYC with her partner and daughter.
