

Middle East Technology Summit

Hedeel Mahdi-King

Chief Compliance Officer

myZoi

I am an England & Wales qualified solicitor (LLB Hons) with over 16 years of PQE across regulatory law, conduct, and compliance. Driven by a passion for strategic innovation, I focus on integrating inclusion and the wider sustainability principles into the transformation that is shaping the global financial sector.

My career spans roles at Allen & Overy London, the UK Financial Services Authority and the Standard Chartered Group, where I gained extensive experience in international regulatory frameworks and lead initiatives in regulatory compliance and digital transformation.

Most recently, I joined myZoi by SC Ventures as Chief Compliance Officer, where I am leveraging my expertise to enable Financial Inclusion and build an ethical, resilient, and forward-looking financial ecosystem.
