

Middle East Technology Summit

Amine Khayatei

CEO and co-founder
KWIKS

Amine Khayatei is the CEO and co-founder of KWIKS, a recruitment tech platform that blends AI innovation with human expertise to transform how companies hire talent globally.

With a strong background in entrepreneurship, HR technologies, and business development, Amine has successfully launched and scaled digital solutions across Europe, Africa, and the Middle East.

Passionate about ethical AI and the future of work, he advocates for smarter, faster, and fairer recruitment practices. Today, he continues to push the boundaries of talent acquisition by combining technology, data intelligence, and a human-centered approach
